

Dear Prabha

Many thanks for the nomination and kind support, we confirm attendance.

Yes have agreed with Shirish on his request yesterday to go back to same arrangement of 18cents per metric tonne instead of 20 cents.

Though in case of multiple shore tanks, with each testing for 5 specs it makes it was exceptionally high for us to manage testing costs in small shipments, which made us raise this concern, we will monitor costs on this for few shipments and as long as possible we will maintain it.

However any repeat analysis for any parameters once tested, will be charged at cost as per prevailing practice.

Best regards

Manoj Kewalramani
