

INSTRUCTIONS FOR INSPECTION OF AGROCHEMICALS

CIS are pleased to appoint you for inspection and sampling of agrochemicals.

Place of inspection: Singapore 629607, Singapore

Date of inspection: TBC (the order needs to be inspected on 6th of November)

Quantity + Product:

16800 ltr of Vitashield 480 EC, packed in 16800 bottles of 1 liter net each

4992 ltr of Vitashield 480 EC, packed in 9984 bottles of 500 ml net each.

CIS File no: C015630-001 (Please mention our file no. on all documents, e-mails, invoices etc.)

Supplier:

Asiatic Agricultural Industries Pte Ltd

150 Gul Circle

Singapore 629607

Contact: Chen Chuan or Ah Fok

Tel : (+65) 6572 4014

Kindly contact Mr. Chen Chuan or Ah Fok and arrange for the inspection.

Applicable duties:

- Visiting the premises of the supplier
- Identification of the product
- Check of quantity and recording of all batch numbers
- Check of marking (we need to know exact marking on cartons/bags/cans/bottles/drums, clear photos of marking will be required, see attached marking instructions).
- Please withdraw sample of each batch for dispatch to third party laboratory.
- Inspection of empty container/s
- Supervision during stuffing of the container/s
- Sealing of containers with CIS seals
- Detailed photographs (packing/marking/empty containers/stuffing of containers/sealing of containers etc)
- Detailed reporting to us

Please provide the attached sheet to your inspector, the form must be completed and returned to us, a scan copy is required. Please note the form is additional to your usual report and does not replace any reporting.

Please acknowledge receipt of this assignment.

All inspections by CIS are performed abiding the IFIA compliance principles, which can be found at <http://www.ifia-federation.org/content/sector-committees/compliance-principles/>.

By accepting this nomination you confirm you will adhere to the IFIA compliance principles.

INSTRUCTIONS FOR INSPECTION OF AGROCHEMICALS

MARKING INSTRUCTIONS

1. Labeling on the individual packages should include the following minimum information:
 - Name of the manufacturer + address/ contact details
 - Name of the product + active ingredient
 - Country of origin: XXXXX (**not** Made in: xxx/ produced in: xxx/ manufacturers address only.)
 - Date of manufacture
 - Expiry date (specified as date or two/three years from mfg date is acceptable)
 - Batch number
 - Net weight / volume
2. We need very clear photos per product showing:
 - Complete marking on individual packages (sachets/bottles/ bags/jerrycans etc.)
 - Complete marking on export packing (cartons, pallets, drums etc.)
3. The text should be legible on the photos. Should all the packages be closed at the time of inspection, kindly request the supplier to open several packages giving you the necessary access for the required inspection and photographs. This as per AQL or square root method.

Should the marking not comply with the above mentioned requirement you are kindly requested to contact us immediately and to inform the responsible manager on the inspection location.

Please inform us immediately if labels have been added or pasted over each other, or if labels are loosely pasted on the product. It is in any case not allowed to change existing marking by pasting new labels over them.
